With reference to your letter No L 9813 dated 28-12-50 on the above subject stating that the road has not been formally handed over to the Mysore City Municipality etc , I write to state that this road was never laid out by the Trust Board This is the only road connecting Kyatmanhalli village and has been in existence from a very long time In fact after the inclusion of this village within the City Municipal limits, the Government were pleased to sanction an estimate for improving the same as long ago as November 1946 and the improvement to the existing road was immediately completed Hence there was no question of handing over the new road to the City Municipal Council Besides, the City Municipal Council, Mysore, feels thaat this work should be got done thtough the Trust Board being an improvement work It is for the Government to decide whether the work is a maintenance work or not, and sanction the estimate with funds
